

# MUNCY'S Furniture Sale

## Liberal Discount For Thirty-one Days

Following the custom of furniture dealers all over the country, we will inaugurate a big March sale on all furniture, and reduction prices will prevail in every department of our big furniture store during the thirty-one days of this month.

We will have our furniture priced so attractive that it will be unnecessary to go out town to make purchases, and we will be able to keep the money here in our home town, where it will have a chance of being turned over and afford you the opportunity of getting at least part of it back.

### Keeping This New Store New

Besides the business-like purposes of marking all furniture prices very low to keep the stocks at this new store new, this March sale is intended as an invitation to a wider circle of friends. With a free hand we have created very low prices which many merchants would be timid about offering in these days of rising costs. You can share in these economies if you purchase now. More people than ever in the history of our business are realizing how profitable it is to make every home-furnishing purchase that can possibly be made during March—just as thousands of women save big sums on furs by purchasing in mid-summer.
